

```
namespace MyNamespace {  
    namespace MyInnerNamespace {  
        class A /copyable and assignable/ {  
            public:  
                void DoSomething()  
        }  
        void A::DoSomething() from MyNamespace::MyInnerNamespace::A {  
        }  
    }  
}
```
